

学生端加减课系统换班功能使用说明

Student Guide: How to Use the “Replace” Function

1. 若课程开课部门设置允许换班，则该课的 Action 操作列将亮显 “Replace” 键。

If the course allows “Replace”, the “Replace” button will appear and be highlighted in the Action column of that course.

2. 列表出现支持换班的课程列表。其中 Action 操作列会显示目标课是否能进行换班：

A list of sections will appear. The Action column for each section shows one of three statuses:

(1) **Select**: 代表该课允许操作换班，支持点击。

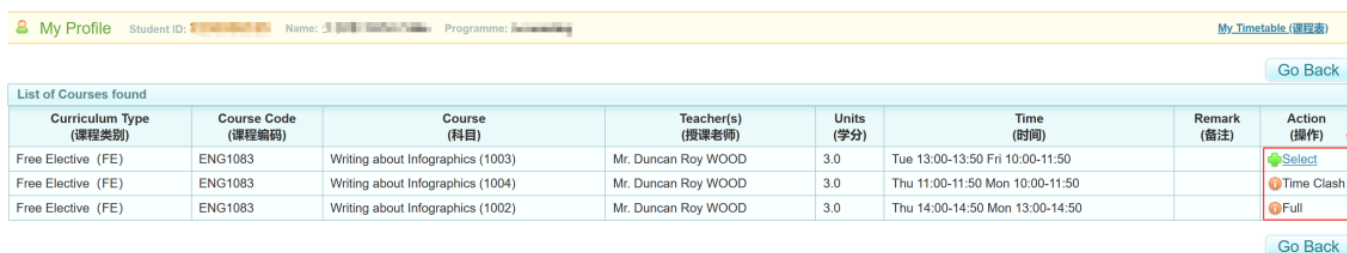

indicates that the section is available for replacement and can be selected.

(2) **Time Clash**: 代表该班级上课时间与您的课程表中其余课程的上课时间有时间冲突，不支持点击。

indicates that the section's schedule conflicts with another course already in your timetable; it cannot be selected.

(3) **Full**: 代表该班级已满人，不支持点击。

indicates that the section has reached its enrollment limit; it cannot be selected.

3. 点击 “Select” 键后，界面弹出是否确认换班指示：

After clicking “Select”, a confirmation prompt will appear:

Are you sure to replace Writing about Infographics (1001) with Writing about Infographics (1003)?

确定

取消

4. 点击确定后，课程列表更新为换班后的课程，并提示 “Operation Successfully”，换班成功。
Click “OK” to confirm. The course list will immediately refresh to show your new section, and a message reading “Operation Successfully” will confirm that the replacement is complete.
